TO WHOM IT MAY CONCERN

Like most non-league Football Clubs we always found it difficult to raise much needed cash, particularly Sponsorship, where a lot time and effort is needed if you wish to be successful and with most Club Officials working full time the best time to approach prospective Sponsors, during working hours, is not a viable proposition.

So we sought the help of Robert Marsden, of Diamond Signs Limited, and in the space of less than two weeks he was successful in raising a substantial sum for us by way of Pitch Side Advertising Boards, which will, Sponsors willing, provide us with income for future seasons by way of rental charges for the Boards. Provided on a yearly basis.

This involved ourselves in very little work and I strongly recommend that if you are thinking of raising funds by way of Sponsorship that you take advantage of Robert Marsdens services. I am sure you will be very pleased with the results.

G. A. Evans - Vice Chairman.
