Dear Sir/Madam,

This letter is to introduce the Bury and Radcliffe Junior Football League and Community Sponsorship Partners.

In writing this we are giving Community Sponsorship Partners our blessing to act on our behalf to produce for us monthly fixture lists and to approach local businesses who may be interested in advertising on the fixture list.

These fixture lists will be distributed on a monthly basis to all our players and managers for the next two years.

To tell you something of our league. We are a Bury based league that also has many teams from surrounding areas from Horwich in the north to Stockport in the south, Oldham in the east to Westhoughton in the west. We currently provide Sunday football for the ages u12's to u18's and from next season we hope to be starting a mini soccer 7-a-side league from u8's to u11's. As you will realize a league of this size swallows up money at an alarming rate to ensure so many young people can have not only football matches, but, a way of keeping fit and having an interest that hopefully will keep them on the right path in the future. We currently provide football for approx. 1,200 children, so, you will realize that with all these children proudly showing off their own personal fixture list, it will be widely seen by others around them. If you should wish to avail yourselves of the opportunity to advertise on the list I can be fairly certain when I say it won't be thrown in the bin but will take pride of place in the home.

In supporting us you will be supporting the development of young people in our community.

Thanking you in advance for your anticipated support.

Steve Taylor. League Secretary of the Bury and Radcliffe J.F.L.
